

Ex. Doc. No. 24.

HOUSE OF REPRESENTATIVES.

NUMBER, ETC., OF PERSONS EMPLOYED IN THE NAVAL
AND MARINE SERVICE IN THE MEXICAN WAR.

LETTER

FROM THE

SECRETARY OF THE NAVY,

IN ANSWER TO

A resolution of the House of the 20th December, 1848, relative to the number and places of birth of persons employed in the naval and marine service on the Gulf and Pacific coasts during the Mexican war.

JANUARY 6, 1849.

Laid upon the table, and ordered to be printed.

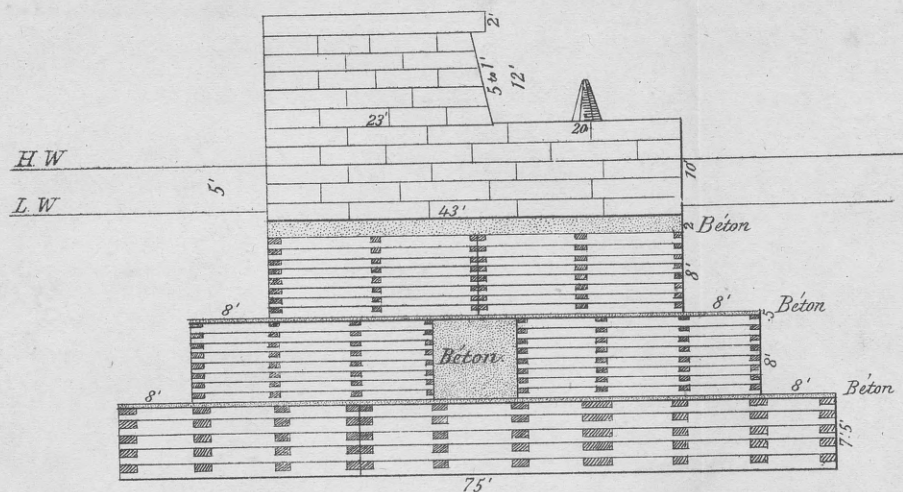

NAVY DEPARTMENT,
January 5, 1849.

SIR: I have the honor to acknowledge the receipt of a resolution of the House of Representatives, of the 20th December, 1848, requesting the Secretary of the Navy to communicate to that body "the number and places of birth of all persons employed in the naval and marine service on the Gulf and Pacific coasts during the late war with Mexico."

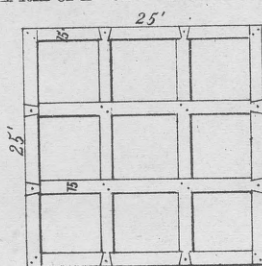

No register of recruits having been kept at the department previous to June, 1846, full information, as required by the resolution, cannot, as it respects seamen, be communicated in a satisfactory form.

The crews of most of the vessels (those, too, of the largest class were enlisted previous to the declaration of war, and the depart-

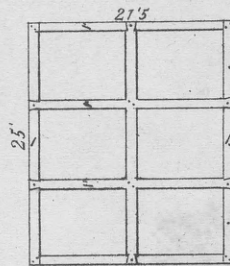

CROSS SECTION OF PROPOSED BREAKWATER, BUFFALO, NY

Plan of 1st & 2^d Tier of Cribs

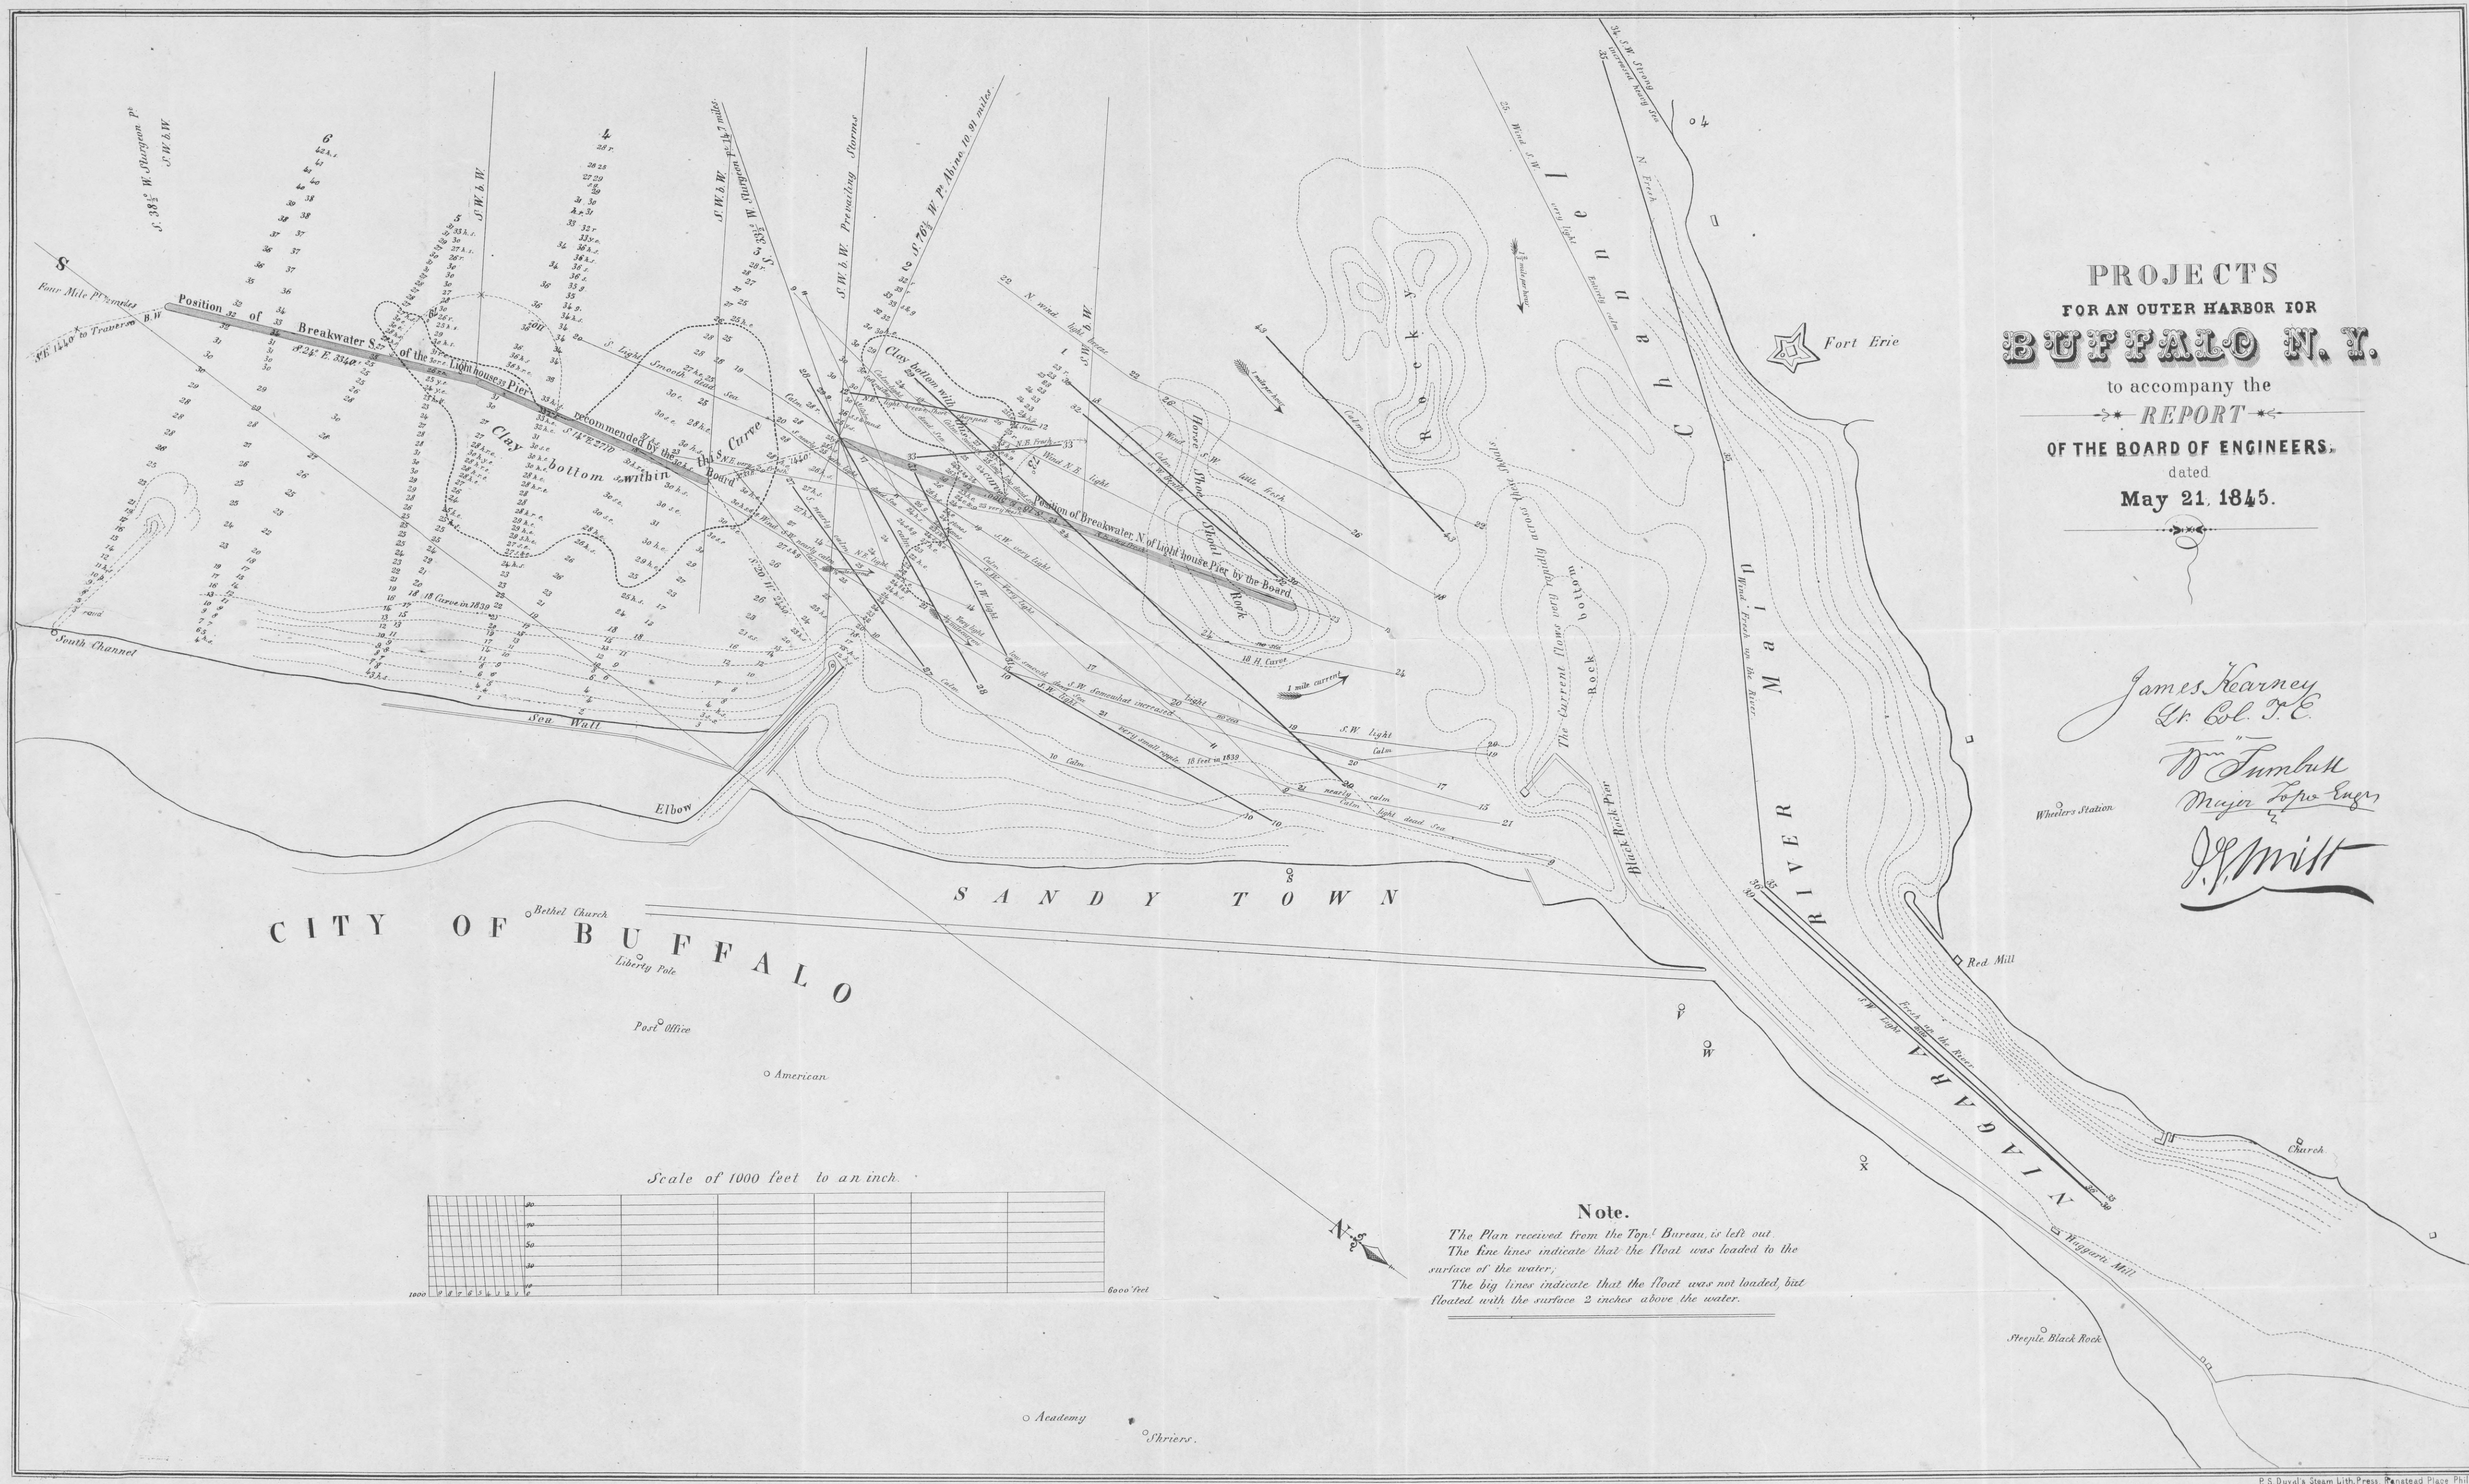

Plan of 3^d Tier of Cribs.

Timbers of 1st Tier, 18 in square, of 2^d & 3^d Tiers 1 foot square. The timber to be sawed square and bolted together on the outward faces, with $1\frac{1}{2}$ inch iron bolts. The cribs to be framed perfectly square. The face stones of the masonry to be 10 ft long, 5' wide & 2' thick, laid alternately header & stretcher, two dowels in the bed of each stretcher, one dowel in each header, and a dowel in every joint, the dowels to be of $1\frac{1}{2}$ inch iron 6 inches long.

James Kearney
Dr. Col. U.S.A.
Wm. Tumbull
Major Topo. Engr.
J. J. Smith

ment has no means of ascertaining the birth places of the persons composing them.

The answer of this department to the resolution of the House of Representatives, of May 29th, 1848, shows the number and places of birth of seamen enlisted during the war, and there is no reason to suppose that the same ratio would not apply to those engaged therein who entered previously.

Much the largest part of the vessels in commission at the date of the declaration of war have been either in the Gulf or in the Pacific, for longer or shorter periods.

The whole number of seamen composing the crews of the vessels in the Gulf of Mexico and on the Pacific coast, during the war, was seven thousand.

The terms of enlistments in the marine corps enable the department to communicate full information in regard to the marines employed on the Pacific and Gulf coasts during the war with Mexico.

The annexed statements, marked A and B, exhibit the information called for by the resolution, so far as it is in the power of the department to furnish it.

I have the honor to be, very respectfully,

Your obedient servant,

J. Y. MASON.

Hon. ROBERT C. WINTHROP,

Speaker of the House of Representatives.

JANUARY 6, 1849.

And upon the table, and ordered to be printed.

NAVY DEPARTMENT

January 6, 1849.

Sir: I have the honor to acknowledge the receipt of a resolution of the House of Representatives, of the 30th December, 1848, requesting the Secretary of the Navy to communicate to that body "the number and places of birth of all persons employed in the naval and marine service on the Gulf and Pacific coasts during the late war with Mexico."

No register of recruits having been kept at the department previous to June, 1846, full information, as required by the resolution, cannot, as it respects seamen, be communicated in a satisfactory form.

The crews of most of the vessels (those, too, of the largest class) were enlisted previous to the declaration of war, and the depart-
